**The Quantum Nutrition Effect**

When quantum-state quality nutrients (exquisitely well grown, free of toxic tag-alongs) are combined together, their effect can be far greater than the sum of their individual benefits: The Quantum Nutrition Effect. A quantaceutical™ is a nutraceutical supplement that tests on to all four biofield polarities, thus delivering the Quantum Nutrition Effect to support optimal health.*

**Ideal Cellular Resonance**

The human cell has a crystalline matrix, which means it has an ideal resonant frequency. We believe that only nutrients from “once living” sources can sustain the ideal resonant frequency of your body’s cells.

**Quantum-State Nutrients Without the Risk**

Our premier quality guarantee:

- No magnesium stearate, an undesirable oil that can suppress the immune system
- No animal glandulars with toxic tag-alongs and unwanted animal hormones
- No tablets with toxic tag-along binders and fillers
- No excipients - Excipients are highly questionable (often problematic) fillers and binders which are commonly added to nutritional products
